

OConnor

PLATINUM 2575E

75TH ANNIVERSARY EDITION

Celebrating 75 years of the greatest moves in cinema

Marking 75 years since the first OConnor tripod was sold to Walt Disney, OConnor presents the 2575E Platinum Edition. This upgrade continues the legacy of the most-popular fluid head in cinema history.

The 2575E features OConnor's patented sinusoidal counterbalance system, ensuring true and accurate balance throughout the tilt range. Combined with OConnor's stepless, ultra-smooth pan and tilt fluid drag, you have ultimate control and stability for cinematic shooting.

Classic Features:

- **Payload Range:** Supports 0 – 105 lbs (0 – 47.7 kg) at 6" center of gravity height above the platform.
- **Counterbalance Crank:** With a numerical readout.
- **Operator-Friendly Controls:** Conveniently placed on the operator's side.
- **Versatile Platform:** Includes 4 handle rosettes.
- **Soft Hand Rest:** Positioned on the left-hand side for comfort.

Platinum Edition Updates:

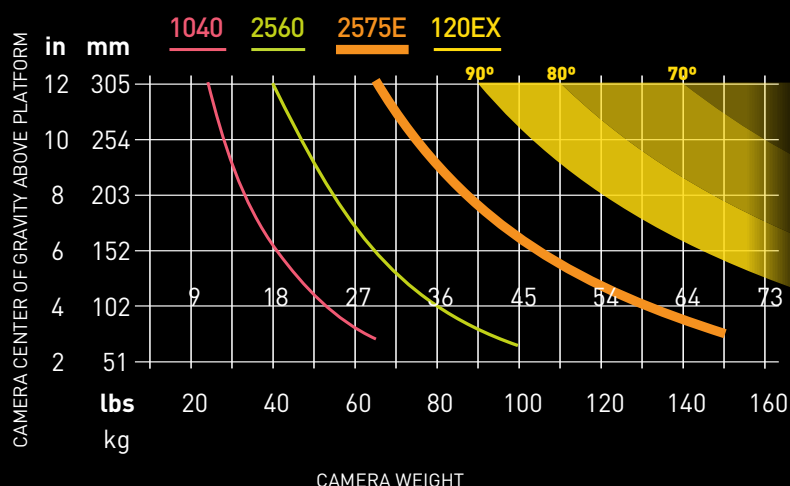

- **Stainless Steel Center Lock:** Remains secure in both on and off positions.
- **New Platform Release Mechanism:** Adjusts fore and aft, allowing for single-handed operation.
- **Lightweight Carbon Fiber Cover:** Replaces the classic plastic cover for the balance mechanism.
- **Improved Level Bubble Illumination:** Allows for easy viewing in any position.
- **Clear Mitchell Key Position Marker:** Enhances setup speed.
- **Fresh Design:** Features a gray colorway with black detailing.

With its infinite drag adjustment, the Platinum 2575E handles everything from rapid whip pans to the smoothest and most accurate long lens framing. Its lightweight magnesium housing delivers best-in-class performance, power-to-weight ratio, and reliability. True to its prestigious lineage, the Platinum 2575E is a versatile and dependable fluid head, ready to support your most ambitious productions.
